Job Description:

Otomox Building Solutions

Founded in 2012, Otomox Building Solutions specializes in innovative wall panel systems for both interior and exterior applications. Based in Burnaby, BC, we have built a reputation for excellence in craftsmanship, precision, and sustainable design. Our advanced panel systems not only enhance the aesthetic appeal of buildings but also improve functionality, ensuring long-lasting performance.

We are committed to collaborating with architects, engineers, and contractors, offering tailored solutions that meet specific project needs. Our attention to detail, with precision to within +/- 1 millimeter, ensures the highest level of quality in every project.

Otomox is also dedicated to eco-friendly building practices, integrating Passive House, Net-Zero, and Zero Emission standards into our work. From daycare facilities to large-scale commercial projects, we continue to shape a sustainable future through innovative, high-performance building envelope systems.
