Bachelor's degree

Experience

1 year to less than 2 years

On site

Work must be completed at the physical location. There is no option to work remotely.

Responsibilities

Tasks

- Purchase general and specialized equipment, materials or business services
- Assess requirements of an establishment to develop specifications for equipment, materials and supplies to be purchased

Develop specifications for equipment, materials and supplies to be purchased

Negotiate offers from suppliers

Consult with suppliers

Review quotations

Determine contract terms and conditions

Award contracts to appropriate parties

Establish delivery schedules

Monitor progress of delivery schedules

Contact clients and suppliers to resolve problems

Plan, organize and oversee operational logistics of the organization

Develop extensive knowledge of construction material products, including production, distribution, and availability, as well as millwork, case goods, finishing materials, and furnishings.

Query vendors/suppliers on lead times and pricing in preparation for completing purchase orders.

Ensure all purchase orders are placed and deliveries are verified.

Coordinate and manage logistics effectively to meet changing project schedules.

Follow up with vendors to address any discrepancies and resolve damage/loss issues with vendors, carriers and receiving locations.

Develop and implement strategic purchasing plans for current and future projects.

Maintain an up-to-date database of vendor contacts, compare suppliers, and identify new ones.

Conduct necessary background checks to grant vendors access to the company.

Ensure all purchased materials align with approved plans, specifications, drawings, and applicable building codes to maintain high-quality standards.

Perform general administrative and recordkeeping tasks, such as reviewing and distributing documentation, preparing correspondence and meeting minutes, and maintaining files, logs, drawings, specifications, submittals, and RFIs.

Meet service expectations and standards in all interactions with customers, vendors, and team members, fostering strong relationships with suppliers and vendors, both internal and external.

Demonstrate creativity, resourcefulness, proactivity, and innovation in work.

Streamline vendor distribution processes to construction sites.

Review vendor agreements and collaborate with other internal departments where possible to leverage synergies.

Identify and eliminate non-value-added processes and procedures.

Support creating procurement policies and procedures and take part in the creation of requirements for equipment, products, or other materials.

Support creating and maintaining a tracking system for material specifications and costs for construction material related to FF&E and other categories as needed.

Support brand development of projects with scope directly related to future construction projects.

Participate in strategic procurement initiatives, such as new product introductions and sourcing new strategic vendor partners.

Oversee training of new project buyers and support their growth and performance.

Support the growth and development of the company culture and professionally represent Northland Properties.
